greenhouse gases

BLADE S

Height	130 mm
Width	930 mm
Depth	90 mm
Line voltage	220-240V AC
Frequency	50/60Hz, single phase
Maximum power	2500W
IP rating	IP55

BLADE

Height	130 mm
Width	930 mm
Depth	90 mm
Line voltage	220-240V AC
Frequency	50/60Hz, single phase
Maximum power	2000W
IP rating	IP55

BLADE MINI

Height	130 mm
Width	730 mm
Depth	90 mm
Line voltage	220-240V AC
Frequency	50/60Hz, single phase
Maximum power	1200W
IP rating	IP55

DIGITAL THERMOSTAT

FROM REMOTE CONTROL

BLADE / BLADE S

BLADE MINI

THE BLADE

Carbon infrared heater generates low-glare, medium-wave infrared heat. Its comfortable warmth is quickly distributed over a wide area, thanks to a specially designed reflector. The wavelength of the emitted light enables the heat to travel long distances, transforming into a pleasant warmth. The heating intensity can be easily adjusted using the remote control. This innovative heater operates with exceptional energy efficiency, eliminating the need for additional insulation. As a result, it not only reduces energy costs but also provides a consistent and comfortable environment year-round.

OUTDOOR COVERAGE AREA

AVERAGE 10M²

MOUNTING HEIGHT: 3M
